HIGH SEASON IN THE CAYMAN'S

Don't talk to me about the stock market!!

I don't want to think about the economy – don't want to think about anything but the BEACH!!

How good would it be to be on Seven Mile Beach tomorrow morning?? Where would you like to be? The Ritz – too crowded. The Marriott – Westin – Lacovia Condos – our condo at Treasure Island? What's your favorite place?

CaymanIsBest is dedicated to giving you everything YOU need about Grand Cayman. We have spent hundreds of hours researching how to live on Grand Cayman; how to work on Grand Cayman and how to retire on Grand Cayman as a permanent resident.

We have learned SO MUCH – and you can find it all on the CaymanIsBest website. Have any questions about the islands, send me an email at jvillwock@CaymanIsBest.com and I promise to respond. --- Jeff.

Time to Make a Deal on Cayman Grand

Worldwide Recession is a Great Opportunity!!

Every morning we get up and read the same headlines – new layoffs, new government “help” – “I’m with the government and I’m here to help you.” – **RUN!!**

We are hearing of Great Deals on Grand Cayman – including up to \$700 in resort credits at the Ritz Carlton (lesser amounts at other resorts).

Check out www.caymanislands.ky/promotions for the latest promotions & specials. This is a government site that works with local hotels, resorts &

restaurants to give us GREAT DEALS.

One of my business partners is a big diver – in his search for dive lodging on the East End of the island, he tells me that EVERYONE he calls is offering big discounts. Even a private rental home is offering to match deals offered by local hotels.

While the tourism numbers are off by just 11%, hotels are hurting. It is a great time to visit the Cayman Islands.

Whether for a weekend or a lifetime – **CaymanIsBest.**

Great Places to Eat & Drink on Grand Cayman

I get lots of questions about what my favorite places are on Grand Cayman. How about Restaurants? I have a few favorites .. but the one restaurant that is close to our Treasure Island condo that has been consistently GREAT is The Wharf.

Sit on an outdoor deck, as the moonlight glistens off the water. The Wharf has some of the best seafood on the island and I try to get to this restaurant every time I’m on Grand Cayman. They also have a pretty good wine list.

At 8pm every evening the staff

feeds the tarpons which congregate around the dock. They turn on underwater lights and the tarpons come by the hundreds.

Kids get to throw food off the dock and these 4-5’ fish go crazy fighting for the food. It is a great sight. But be careful on the dock – don’t know what would happen if someone fell into the school of hungry fish.

If the weather is poor, then they also have inside seating. The restaurant can be found on the web and reservations are recommended.
